RUSTY - the original

The idea behind our Rusty lamp was to connect the natural aspect of a controlled surface rusting with modern energy saving technology in a very strong light fixture. All lamps of the Rusty range are made of Corten cast steel and are extremely weather proof. In the outdoor application the special steel alloy forms a special barrier layer of iron oxide (rust), which protects the material core from infiltration of dampness and thereby protecting it from further rusting. The flaking of the rust is hereby prevented. Individual deviations in form and surface are intended with the Rusty lamps. Each unit is unique.

Rusting is a natural process; type and colour of the outer oxidation layer can, depending on location and influence of weather, develop differently and thereby make the sensual attractiveness of this lamp. Rusty lamps materialize a bit of liveliness and individuality.

While the appearance of the round Rusty lamps recreates harbour bollards, the Rusty Square builds a visual relation to classical Japanese garden architecture. This relationship is not by coincidence, especially in Japan the cultivation and aesthetic of the perishability has a long tradition. Hereby the Rusty Square, a individual unique and changing in the course of time appearance through the rust process is a suitable counterpart for the Japanese style.

Youngest members of the Rusty family is the Rusty Pathlight.

LIM®

Control voltage
4x 1-10V

Material:
Aluminium/plastic

Dimensions:
W/H/D: 11,7/3,7/9,7 cm

Accessory/Included parts:
Flush mount housing (incl.)
IR-receiver (incl.) on the front
housing

Note:
LC-Display.
Flush mount possible.
Short circuit protected!
Can also be controlled by remote
control (470530) see page 576.

Versions:
alu natural

Art. No.:
470531

£349.00

The LIM®2 4-Channel Controller makes setting and calling up of colour of light or light level possible on keystrokes. 4 groups of lights with digital operating devices for a control voltage of 1-10V (e.g. fluorescent bulbs, low-voltage halogen, high-voltage halogen bulbs or LED applications) can be controlled, 4 light sequences pre-programmed can also be called up by keystrokes. Also a dynamic operational sequence of the setup light scenes is possible owing to selectable standing and blend over times. 4 different sequencing programs with 8 light scenes each are already programmed in the system. Further features are panic configuration, external switching entrance, variable time intervals. It is a comfortable system, whereby no prior knowledge is needed to operate it.

£12.90

Dimensional drawing of the mounting pot for Dasar® GX53 and Dasar® 115 LED.

DASAR® GX53

230~

63°C

IP67

Socket/Bulb:

GX53/GX53 EnergySaver (excl.)
9W max.
or LED GX53, 1,2W (excl.)

Accessory/Included parts:

Mounting pot (incl.)

Versions:

stainless steel

Art. No.:
229360

£69.50

Material:

Aluminium
Cover stainless steel 316

Recommended bulb:

9W warm white
508860
£14.80

Dimensions:

Ø/H: 8,3/8 cm
Cover-Ø: 13 cm

DASAR® 115 LED

12~

44 pce.

35°C

IP67

Bulb:

LED (incl.)
6W total

Accessory/Included parts:

Mounting pot (incl.)
Toroidal transformer (excl.)

Versions:

stainless steel
LED white
LED blue

Art. No.:
229311
229317

£99.00

Material:

Aluminium
Cover Stainless steel 316

Note:

Operate only with toroidal transformer!

Dimensions:

Ø/H: 8,3/8 cm
Cover-Ø: 13 cm

DASAR® 9x 1W LED

230~

9 pce.

IP67

Bulb:

PowerLED (incl.)
9x 1W

Accessory/Included parts:

Mounting pot (incl.)
LED converter (incl.)

Versions:

stainless steel brushed
LED white
LED warm white

Art. No.:
230151
