Key Selling Points:

- Unique configuration of diffusers evenly distributes light; no visible LED points.
- > Slimline fitting is extremely adaptable. We offer 2 lengths, yet the strips can be seamlessly interlinked with no visible joins for a streamline appearance.
- > With a slim profile of only 13mm this fitting is extremely discreet.
- > Available in both cool and warm white LED, the Arrow is suitable for both contemporary and more traditional kitchen designs also.
- > A high lumen output and wide beam angle for an optimum light cast.
- > The Arrow a maximum length of 3600mm can be achieved by continuous linking.
- > The starter cable is to be purchased separately. One starter cable is required for each run of strips to be connected back to the driver.
